

6516209014.txt

I have been a XM coustomer for over a year. The servise thay provide is second to none. Even though my city is noe currently part of the traffic and weather when I do go to citys it does cover it is very helpful in planning roughths and activites for my family. And further more I have a problem with the goverment trying to take away a service I pay for. If thay insist on doing so the goverment should pay my monthly XM bill.

Thanks

Chris Etheridge
